

# ANTARCTICA

AN EXPEDITION OF ALEGRÍA MARINEROS

ALEGRÍA MARINEROS  
EXPEDICIONES

# OUR PROPOSAL

In a unique experience, **we will take you on our sailing boat to the white continent** where we will spend the days exploring glaciers, sailing among icebergs and observing the marine fauna.

**We will visit scientific bases and historical sites** with our expedition leader.

**Our sailboat:**

# **EL DOBLÓN**

**This boat is our home at sea.** It has a capacity for 12 passengers and 4 crew members, in double cabins, with shared bathrooms. It also has a large dining room and a great deck to enjoy the wonderful scenery, share conversations and delicious meals with the crew.

The Doblón is very well designed. **It was designed to sail in icy waters and is prepared to withstand low temperatures.** Its size and draught allows us to sail through small straits and alternative and unexplored routes. Sailing in Antarctica with **The Doblón** is to feel the adventure of living.

**You will discover the most beautiful skies!**

Do you want to know more about our sailboat?

You can see it [here](#).

# SAILINGS AND ARRIVALS

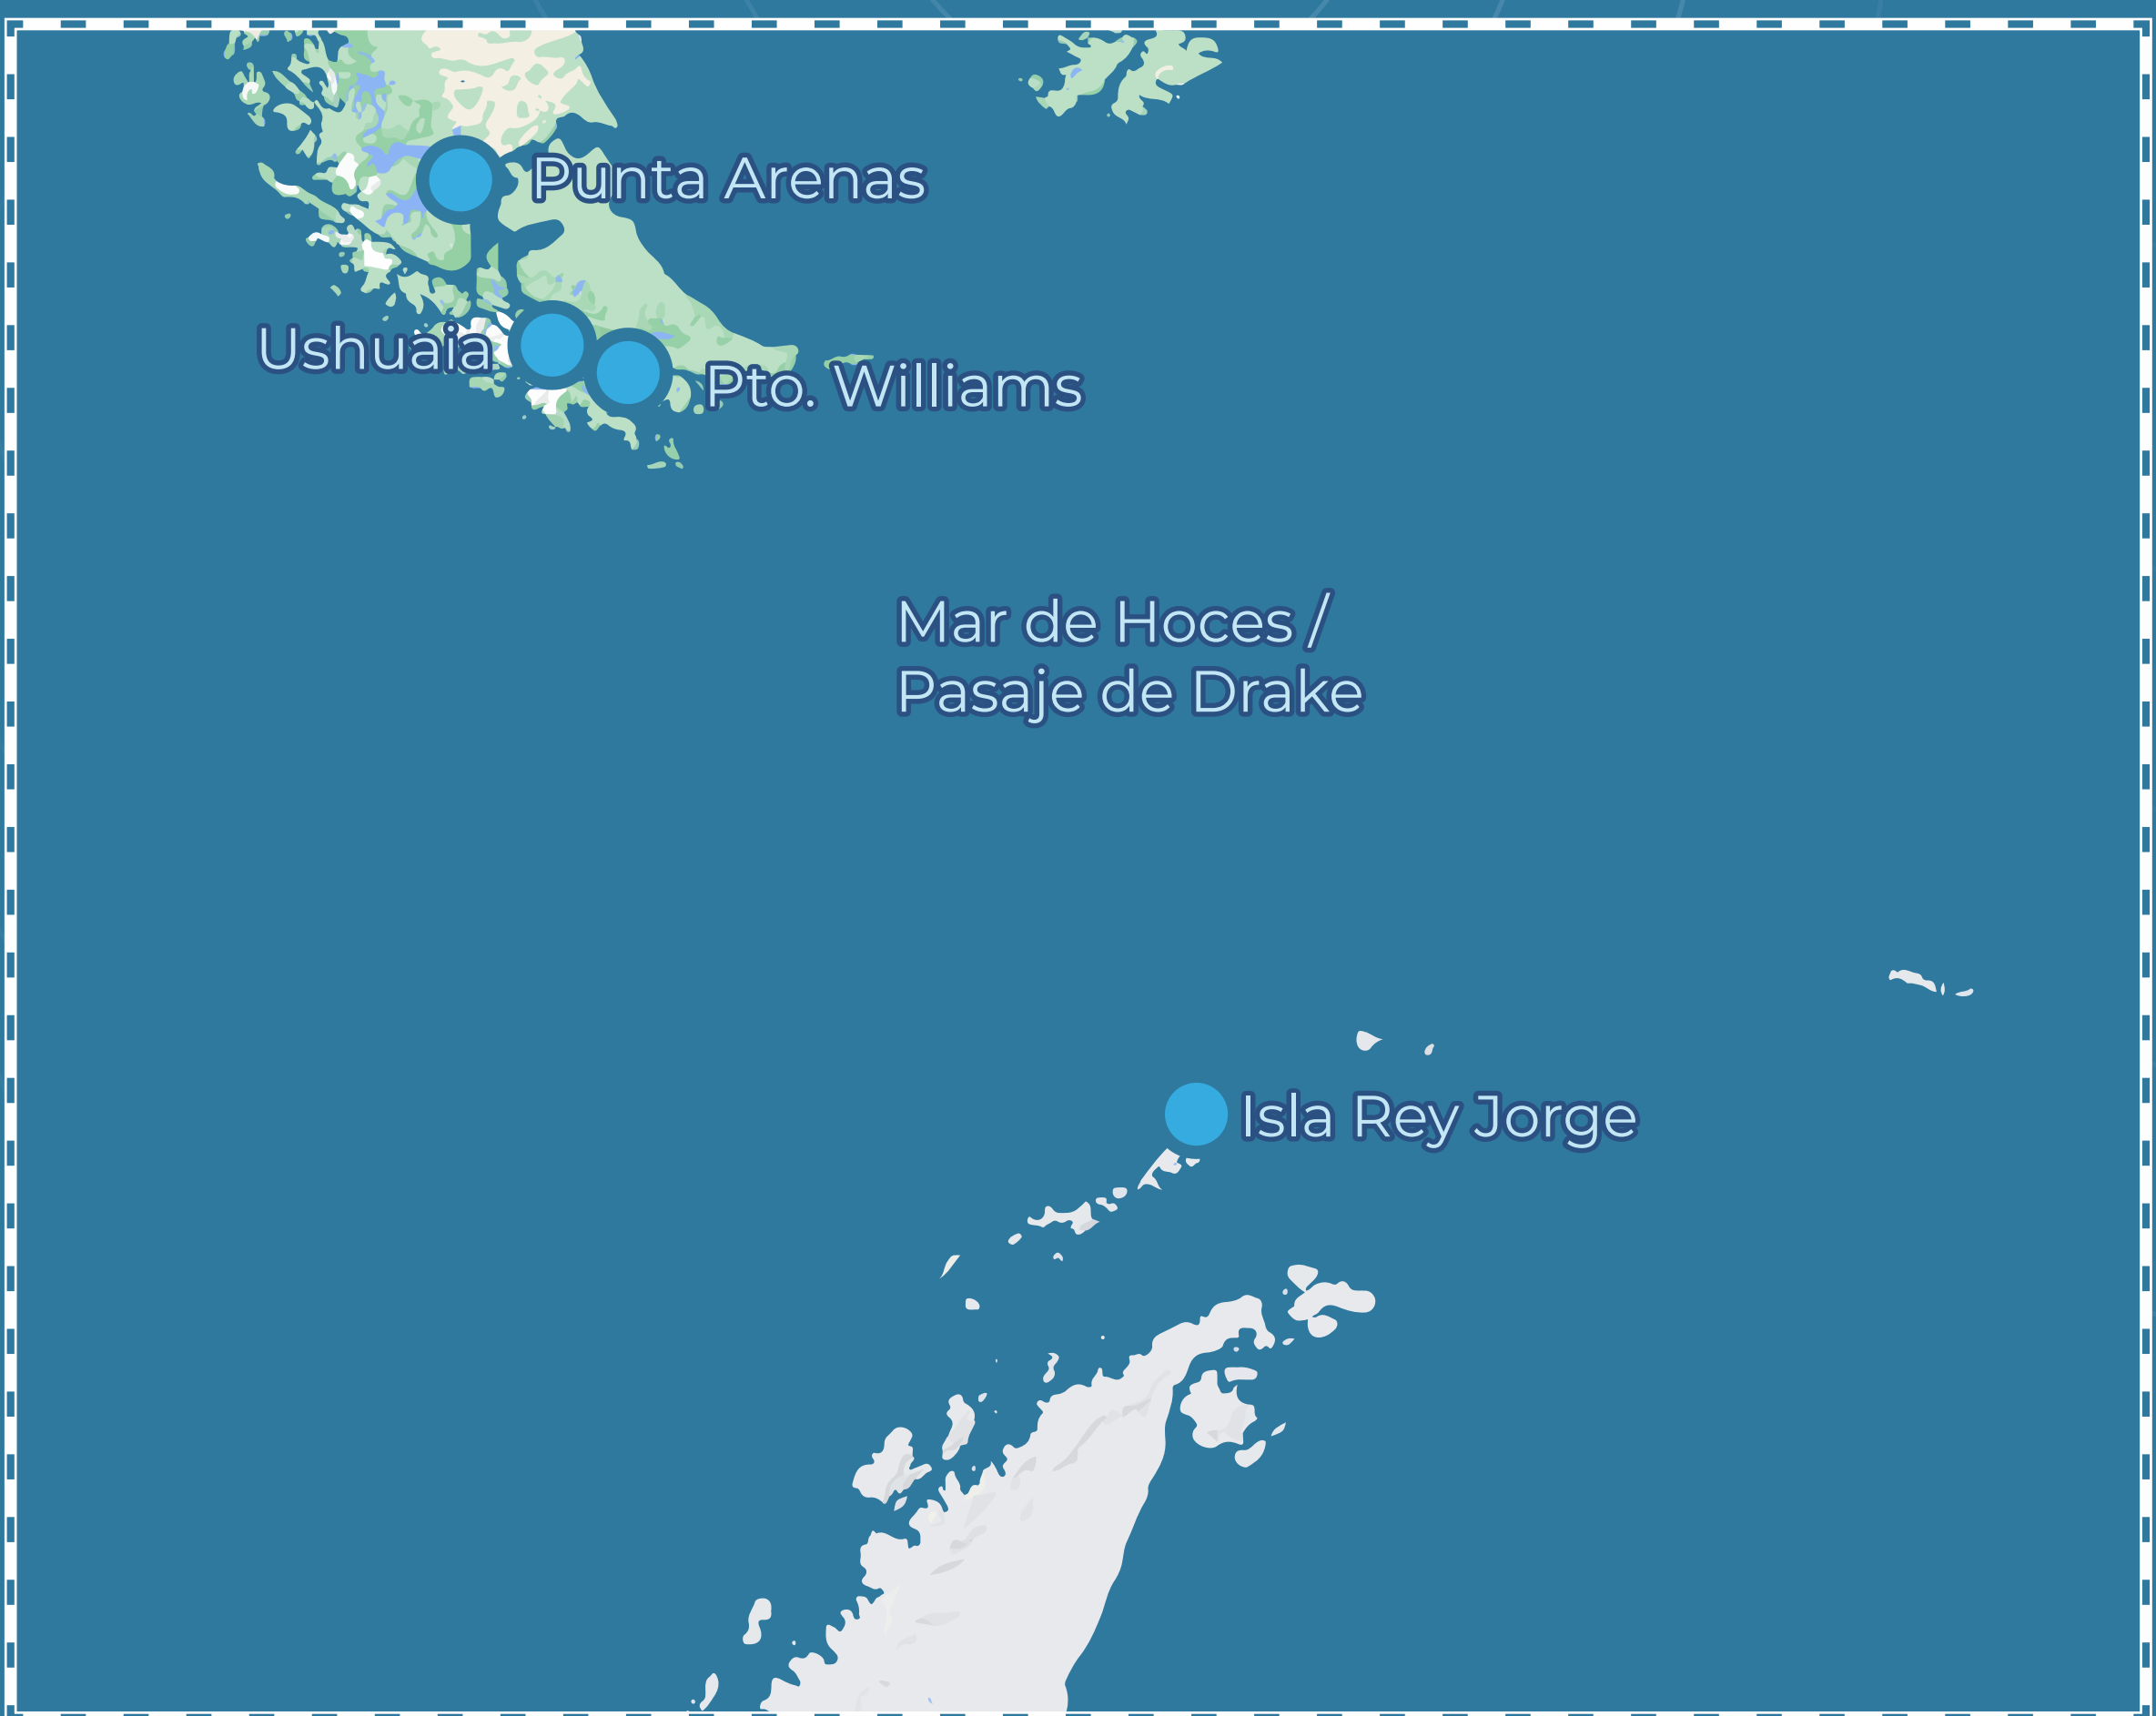

Depending on the expedition you choose, these will be your embarkation and disembarkation points

**King George**, South Shetland   

**Punta Arenas**, Chile  

**Puerto Williams**, Chile 

**Ushuaia**, Argentina 

 To be taken into account

- ▶ The miles sailed and days sailed are approximate and may vary depending on the weather, condition of the boat and crew. We will always look for the best and safest window to make the crossing.
- ▶ The departure and arrival points vary depending on the "date chosen".
- ▶ To cross the Sickle Sea you have two options, either by sailboat or by plane and we will pick you up directly in Antarctica.
- ▶ Flights are additional costs to the voyage. We take care of booking them.

## Sailing at The Antarctica

# HOT SPOTS

These are some of the **most interesting places** to visit with our expeditions to the Antarctic Peninsula.

It will be decided which of them will be visited depending on the weather and the planning of the visit.

# ABOUT US

We are a specialized team with experience in Antarctica. We have a biologist expedition leader, captains, sailors and guides ready to navigate the most remote places.

We have all the relevant insurance and certifications **as well as a crew on land to assist, guide and support us** with all the logistics.

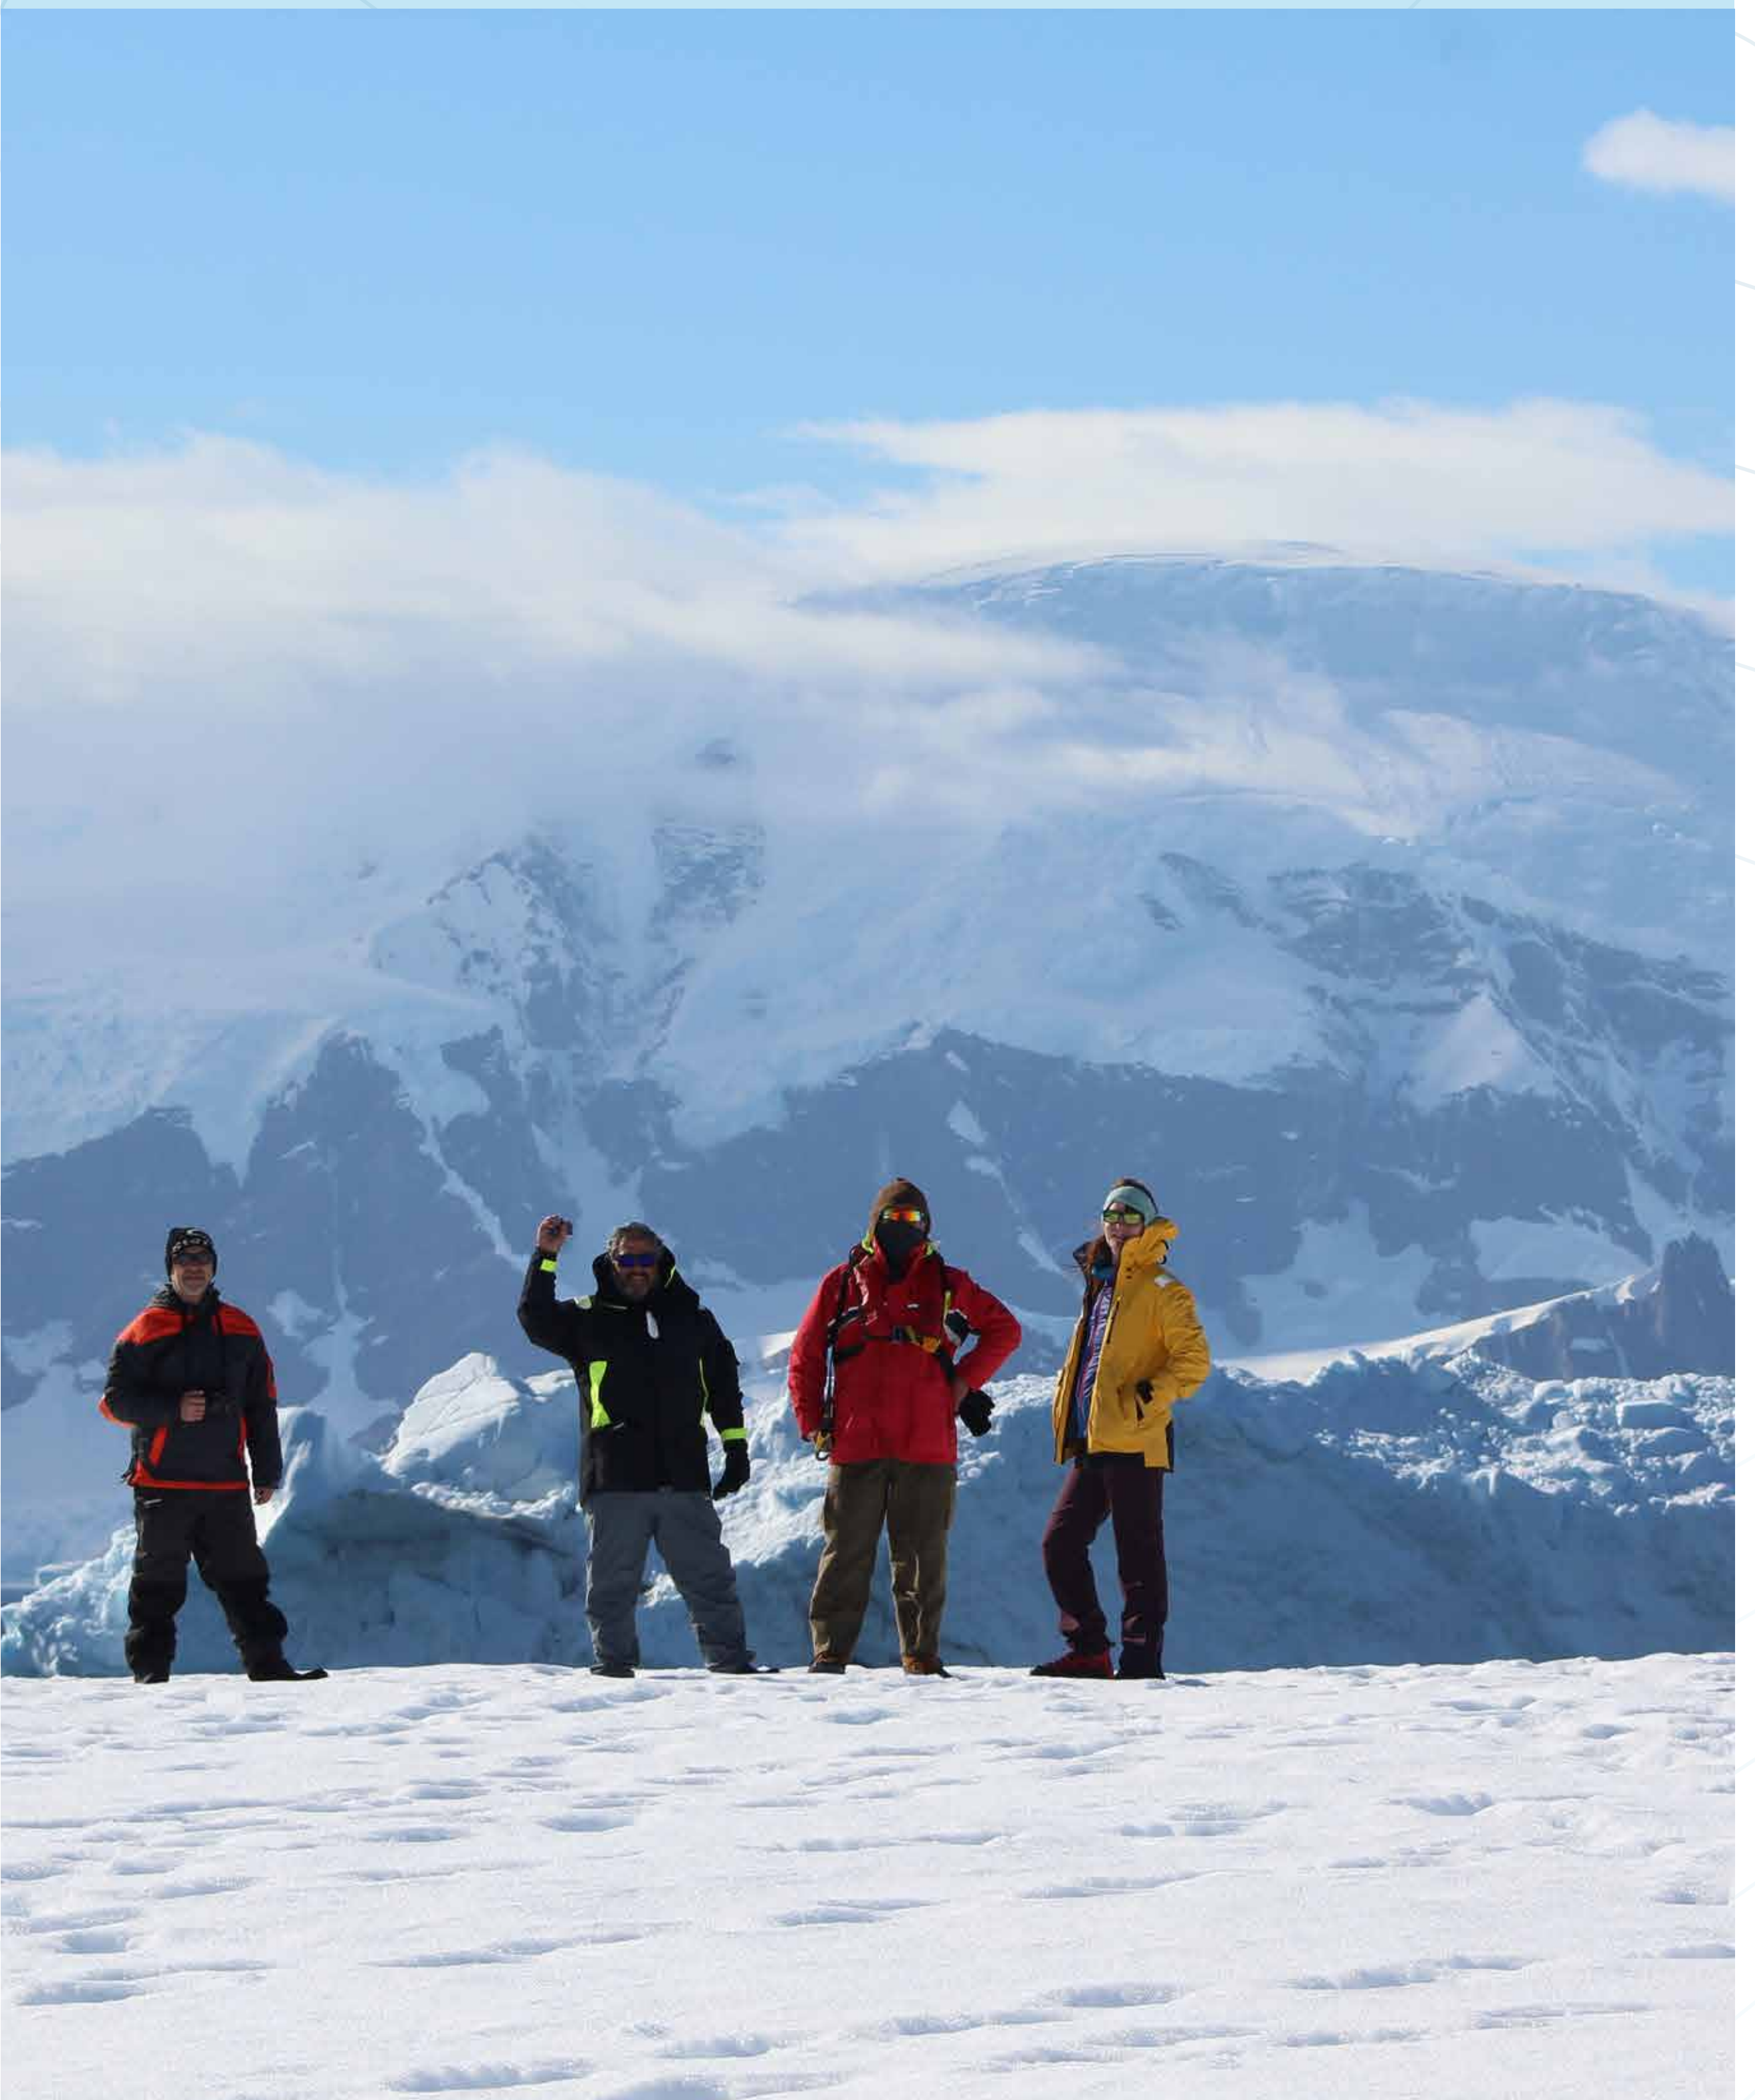

**We comply with all safety and environmental protocols.** We are members of the [IAATO](#) and operate under its regulatory framework. We are also registered with [SERNATUR](#)

## **Who is this expedition aimed to?**

To anyone with a travelling soul and interested in getting to know one of the most beautiful and remote places in the world.

## What are the physical requirements for participation?

We will be going to a very remote location with limited satellite connectivity and resources available. You should consider your physical condition and assess whether you are fit to participate in this type of expedition. For that, we leave you this [QUESTIONNAIRE\\*](#) that will give us an approximate answer. It is not an exclusive form, the idea is that together we can evaluate which is the best option for you. It is important that you answer it with complete confidence, if we are informed about your health, in the event of an extraordinary situation we will be able to act effectively.

\*IAATO also requires a similar questionnaire which will be sent to confirmed passengers at a later date

## Before booking:

- ▶ In case that medical assistance is required, it may take some time to arrive. We have an aeromedical evacuation insurance that will be able to assist us, as long as the weather allows it. Thus it is necessary for each of our passengers to have travel insurance to cover an aeromedical evacuation charter flight (details can be found under "INSURANCE" in our ["Terms and Conditions"](#) document).
- ▶ Some insurances that offer this type of cover are: Assistcard, IMG Global, AIG, Travel Safe Insurance. You will need to check which is the best option available depending on where you live.
- ▶ We also recommend that you take out travel cancellation/interruption insurance.

Please read carefully our [Terms and Conditions](#), our [Payment, Cancellation and Refund Policy](#) and our [Disclaimer](#), which you must sign before boarding.

**It is very important that you take these conditions into account when deciding if this expedition is for you.**

# ITINERARY

Sickle Sea / Drake Passage Crossing  
Navigation in Antarctica

**ANTARCTICA**

**PILOTO  
PARDO**

FROM

**1 DEC 2023**
