

SNOWDRIFTS

AN EXPEDITION OF ALEGRÍA MARINEROS

ALEGRÍA MARINEROS
EXPEDICIONES

OUR PROPOSAL

We will set sail from Ushuaia on our sailboat El Doblón, we will sail through the mythical Beagle Channel towards the marvelous Chilean Fjords. We will go from the humid forests to the imposing bluish-white of the glacier, all in the same trip? Yes, and it is an AMAZING contrast. **We will spend the days sailing among small icebergs, where we will see whales, sea lions and for sure we will be accompanied by dolphins** playing with our bow.

We will disembark at strategic points to enjoy trekking and wonderful routes in our dinghies. Some nights we will sleep in bays or coves where we can enjoy their anchorages and the majestic nature that surrounds them. It is wonderful to watch the sunrise there!

Our Sailboat:

EL DOBLON

This boat is our home at sea. It has a capacity for 12 passengers and 4 crew members, in double cabins, with shared bathrooms. Our dining room is an ideal space to share lectures, movies, board games and all our meals. The deck is also a space we enjoy very much to discover the wonders of the canals.

The Doblón is very well designed. **It was specially thought for sailing in icy waters and is prepared to withstand low temperatures.** Its size and draft allows us to navigate small straits, alternative and unexplored routes. Sailing in these waters with **The Doblón** is to feel the adventure of living.

You will discover the most beautiful skies!

Do you want to know more about our sailboat?
You can see it [here](#).

Our Sailboat:

▶ COPERNICO DOBLON

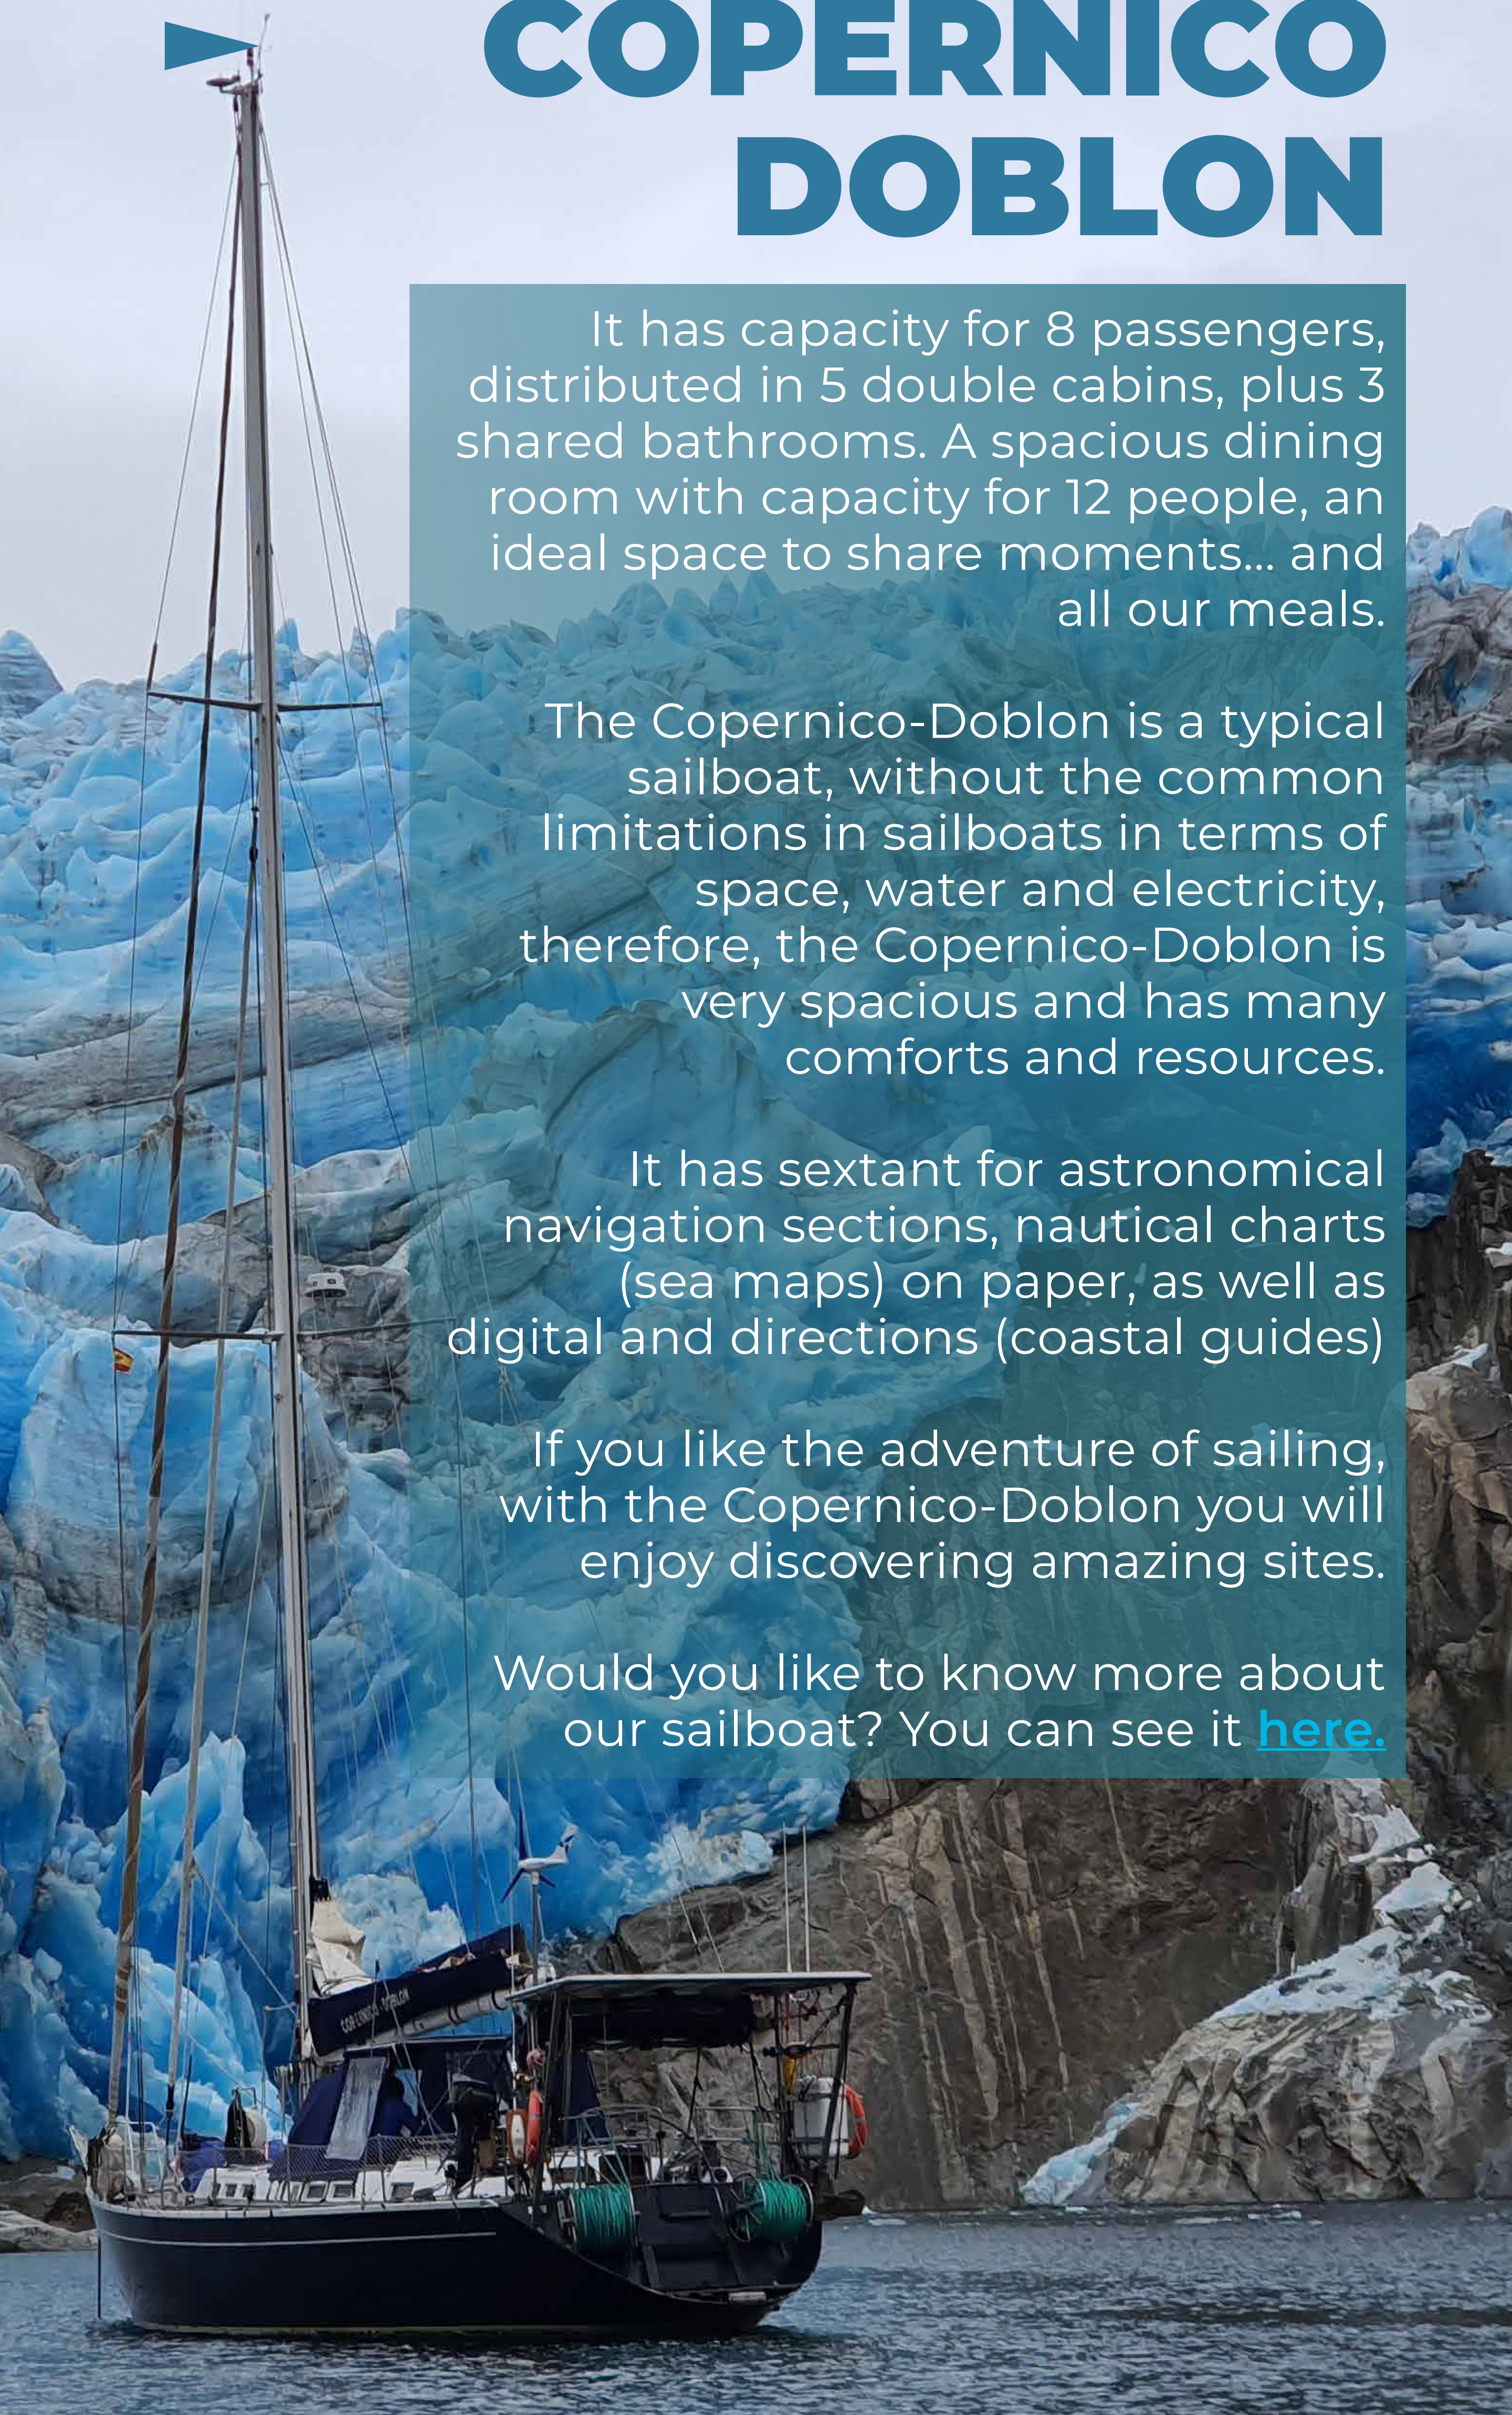

It has capacity for 8 passengers, distributed in 5 double cabins, plus 3 shared bathrooms. A spacious dining room with capacity for 12 people, an ideal space to share moments... and all our meals.

The Copernico-Doblon is a typical sailboat, without the common limitations in sailboats in terms of space, water and electricity, therefore, the Copernico-Doblon is very spacious and has many comforts and resources.

It has sextant for astronomical navigation sections, nautical charts (sea maps) on paper, as well as digital and directions (coastal guides)

If you like the adventure of sailing, with the Copernico-Doblon you will enjoy discovering amazing sites.

Would you like to know more about our sailboat? You can see it [here](#).

SAILINGS AND ARRIVALS

Depending on the expedition you choose, these will be your embarkation and disembarkation points

Ushuaia, Argentina

Puerto Williams, Chile

Bahía Carrera, Punta Arenas, Chile

Navigation: 150 miles

Duration: 7 nights.

 To be taken into account

► The miles sailed and days sailed are approximate and may vary depending on the weather, condition of the boat and crew. We will always look for the best and safest way to make the crossing.

HOT SPOTS

These are some of the *most interesting places* to visit on our expeditions.

It will be decided which of them will be visited depending on the weather and our best planning.

ABOUT US

We are a specialized team, with experience in navigations in the south of the world. **We have a crew prepared to navigate in the most remote places.**

We count with all the insurances and certifications as well as a **crew on land that assists, guides and supports us with all the logistics.**

We comply with all safety protocols and environmental safety.

We are members of [SERNATUR](#).

Who is this expedition aimed to?

To anyone with a traveler's soul, with the desire to enjoy and get to know a **SPECTACULAR** place. It is an expedition of pure enjoyment, without seasickness, to be amazed by the beauty of the landscape and wildlife. Ideal to do with friends.

What are the physical requirements for participation?

We will be going to a very remote location with limited satellite connectivity and resources available. You should consider your physical condition and assess whether you are fit to participate in this type of expedition. For that, we leave you this [QUESTIONNAIRE*](#) that will give us an approximate answer. It is not an exclusive form, the idea is that together we can evaluate which is the best option for you. It is important that you answer it with complete confidence, if we are informed about your health, in the event of an extraordinary situation we will be able to act effectively.

Before booking:

- ▶ In case that medical assistance is required, it may take some time to arrive. We have an aeromedical evacuation insurance that will be able to assist us, as long as the weather allows it. Thus it is necessary for each of our passengers to have travel insurance to cover an aeromedical evacuation charter flight (details can be found under "INSURANCE" in our ["Terms and Conditions"](#) document).
- ▶ Some insurances that offer this type of cover are: Assistcard, IMG Global, AIG, Travel Safe Insurance. You will need to check which is the best option available depending on where you live.
- ▶ We also recommend that you take out travel cancellation/interruption insurance.

Please read carefully our [Terms and Conditions](#), our [Payment, Cancellation and Refund Policy](#) and our [Disclaimer](#), which you must sign before boarding.

It is very important that you take these conditions into account when deciding if this expedition is for you.
